TRICKS of MAGIC EXPLAINED by WHILLY LINCHOST

TO REMOVE DIME UNDER GLASS WITHOUT
 TOUCHING EITHER

Turn a glass upside down on a thick three tablecloth place it over a dime and put a match under the edge of the glass. Scratch the tablecloth with the forefinger about two inches from the glass and on the side where the match is placed. The dime will move slowly toward the finger and slip under the glass.

Chevrolet New Model Provides Employment

More than 89,000 people are back at work as a result of the introduction of new 1932 Chevrolet, and \$20,000,000 worth of new cars or parts had already been built at the time of the public announcement, according to a statement released by W. S. Knudsen, president and general manager of the company.

The statement follows: "Chevrolet Motor Company has its normal force of men back on the job after a two-weeks' shut-down for inventory and an equal period of model-change shut-down during the months of October and November. The company's policy during the last year has been to retain as near an equal number of men on the payroll as possible and vary the hours according to the demand for cars; in addition, during the short demand periods, inventory has been built up to increase the weekly hours to the greatest possible number.

"The result has been that the number of employees in any month during the year, except the shut-down month of October, has not varied more than 7 per cent on a total of 34,000 men, and the hours are Christmas Day.

have averaged close to forty per week; 39 1/2 to be exact. When inventory takes place, no workman remains on the payroll until work starts up again.

"Present force numbers 34,000 men working 4 days or nights per week minimum, and more than \$20,000,000 worth of new cars or parts for new cars have been manufactured. Of the 34,000 employees now on the payroll, over 25,000 are employed in the company's plants in Detroit, Flint, Saginaw and Bay City.

"In addition to the 34,000 men employed countrywide by Chevrolet, Fisher Body Corporation maintains 20,000 men working exclusively on Chevrolet bodies, and in addition to this, the dealer organization and their salesmen amount to 35,000 people, leaving a grand total of over 89,000 people working directly on Chevrolet product.

"The company feels its responsibility during times like these to extend every effort to keep its organization employed, and with the splendid countrywide reception of the new 1932 Chevrolet, has every confidence in being able to do its bit in the most constructive way."

ATTACHED BAND'S OUTFIT

Under the attachment proceedings by Frank Armstead of Avon Park, the auto, trailer and musical instruments of the Ricardo Orchestra of Miami were attached at Okeechobee after a Legion dance. Attachment was for \$33 board bill. Sheriff Simmons did not interfere with the dance, permitting the orchestra to complete its engagement, and he then took the property in custody.

EDITOR'S CAR A MODEL T

C. J. Lovvorn, publisher of the Christian News, parked his car near the boxing arena and when he looked for it at 10 o'clock it was gone. The car contained two sets of golf clubs. It is not supposed the car was stolen on account of its intrinsic value and suspicion rests on the golf bugs.

PUBLIC INJURED

BY BANK GOSSIP

National Association Declares
 Community Interests De-
 mand Protection Against
 Idle Rumors

BOTH in their advertising and in their direct contact with customers and others, bankers should "consciously and persistently devote more time and thought to keeping people mindful of the fact that while the bank has many obligations toward its customers, equally it is true that the depositor also has certain obligations to the bank to enable it to properly maintain its position in the community," a recent statement of the American Bankers Association declares.

"A bank, admittedly is a semi-public institution and there is a mutual obligation resting upon both the banker and his customers to maintain the effective functioning of that institution that is superior to the interests of either," it says. Bankers might well consequently devote greater effort to building up the public viewpoint in their communities that due to their public obligations and burden of public interest, the banks are entitled to protection against ill-informed and malicious gossip and rumors, the statement says.

"As to banks in some states, bank slander laws afford this protection," it points out. "We recommend that this protection be availed of by definite action, whenever practical both as a matter of immediate expediency and also to avert public opinion as to the dangers of idle gossip about a community's banks."

Farmers should rid themselves of any false hope of outside aid from legislation. The only recourse left for the producer on a reduced price level is to produce his goods at reduced costs, and nearly every farmer can likely put into force a few economies in production. Farmers must produce as largely as possible the materials they use and get away from cash purchases until prices come down proportionately on the things they buy. The cheapest way in the farming business is to raise your own feed and not let the other man get your dollars.

Greetings, and Thanks

Humbly, and with a deep sense of gratitude, I tender my greetings to the people of the Lake Okeechobee region on this holiday occasion.

The people of this region have been good to me. To stop a man or a woman on the street and say what is in my heart is not a thing for a timid man to undertake—and it might be misunderstood, so I utilize the advertising columns of The Everglades News. This, however, is not an advertisement—it is my personal statement to people I think of as my friends, put in the advertising space only because it seems to be the best way to convey the message.

And with my greetings, my thanks.

Business is a hard game, under present conditions, but I have gotten by, and I am grateful. That I have gotten by is because of that good will toward me for which I now offer you my thanks.

And so, to all, my best wishes for A Merry Christmas and a Happy New Year.

JUNIOR NEWS
 Bill Crews.
 We all feel somewhat better since the strain of six weeks' tests is over. I think the most of us "got over the hump."
 I think the junior class should be especially proud of one member of our class—Laurie Gates, who is to be our next year football captain.
 Dorothy Hooker was absent one day, but the wedding—what will it do about that?
 Mrs. Frank Colson is all today (Wednesday), but we hope to have her back soon.
 Miss Ruth Friend was absent from school on Tuesday evening.

The team and guests were given. Mr. Gold presented a check of \$100 to Coach Hobson as an appreciation of the interest that he took in the boys.
 Larry Gates was voted captain of the 1932 team and Carl Thompson alternate captain.
 The last speech of the evening was made by Principal E. H. Herring. He presented the Rev. Tolle with a 21-jewel Hamilton watch as a token to express the sincere appreciation of the wonderful services that he rendered to the team.
 So delightful was the occasion that the football squad and guests will long remember the gladness and courtesy shown them by the business men of Palatka.
 BOY SCOUTS
 By Billy Smith.
 The Boy Scouts met Tuesday night. Plans for a hike were discussed and good time was given by each scout. Tests on observation were practiced, also on judging. After the meeting games were played.
 Those present were the Rev. Tolle, Harry Spooner, Harry Mook, Lark Coleman, John Hawk, Cecil Henderson, James Staples, Joe Helms, Lonnie Gates and Billy Smith.

ELEMENTARY
 We wish to express our appreciation and thanks to O. H. McClure for the use of his truck in getting our pupils in to West Palm Beach to the dental clinic Monday. Earl Swan and Mrs. Ernest Limrose are also to be commended for taking charge of the crew, taking them in and getting the muddy home again. We surely appreciate and welcome all help.
 Each room in the Palatka elementary building will have a Christmas tree and exchange of gifts Friday morning at 11 o'clock. "On Christmas Hill" will be given in the high school auditorium Friday at 1 p. m.
 Our building gets 20 per cent on the sale of the pictures we had made last week. Our share is \$8.68. So we feel the time was well spent in getting and holding the pose.
SECOND GRADE
 Mrs. Henry Call was a welcome visitor in our room Tuesday p. m. Mrs. J. Q. Henry visited us one day last week. We are glad to have the parents come in to see us and our work at any time.
 The second grade took in \$6.30 in picture sales this week.
 The losers in the health contest gave a lovely party last Friday p. m. Refreshments of fruit and nuts were served.
THIRD GRADE
 The third grade has been very busy working on Christmas decorations during the last two weeks. We have made Santa Clauses, Christmas trees and stars.
 Our Christmas tree came today. It just seems that we can't wait for Santa to come.
 Mildred Knowles has been out of school for a few days on account of illness.
 So far we have collected \$3.00 for the children in the orphan's home. We expect to collect more as all the money has been brought in yet.
 It seems that we all liked our looks when our pictures came back Thursday. Almost everyone bought one and some bought all five pictures. We collected \$7.30 for pictures.

 Palatka has a game scheduled with Juniper for January 8th, 1932. CHAPLAIN, FRANKLIN Edith Willis.
 The chapel program Friday was sponsored by the senior class. As it was the last day of school before Christmas we decided to make it a Christmas program.
 Hazel Elliott, as head of the program committee, read a passage from the Bible and led the audience in the Lord's prayer. Everyone then joined in singing "Silent Night." Mary Baker gave a Christmas reading followed by a piano solo by Ruth Simmons. The senior class sang "Jingle Bells" with great gusto. Marjorie Cochran and Park Wilder sang a duet. Mr. Charter gave a "Talk on Christmas" which was interesting as well as entertaining. The program was concluded with a mock Christmas entertainment with Walton Briggs acting as Santa Claus.
SOBRIQUET NEWS
 Hub Spooner.
 The sophomore class enjoyed last Friday evening, an outing at St. Louis canal. There were many games played and afterwards sandwiches and cold drinks were eaten and enjoyed by all, especially by Coach Hobson, our class sponsor.
 Those present were: Chapone, Miss Holt of Canal Point, Joe Mook, Nettie Jones, Mollie Maloy, Edna Pearl Wheeler, Ruth Hoch, Helen Herring, Mr. Hobson, Mary McClure, Gladys Wilson, Budde Cochran, Edward Thompson, Bill Crews, John Padgett, Leon Spooner, Dan Padgett, Hub Spooner and Mack Parker.

BIOGRAPHY
 Mary Baker.
 Melvin C. Herring, eldest child and only son of Mr. and Mrs. John Herring of South Bay, was born at Mt. Olive, North Carolina on June 13, 1912.
 At the age of 12 he moved with his parents and one sister to Hollywood, Fla. Two years later he went to Mexico City, Old Mexico where he stayed for eight months. From there he came to South Bay where he has lived since except for his freshman year, which he spent in West Palm Beach. His eighth grade term was spent in South Bay. Last year, his first in Palatka III, he was a junior and this year is attending P. H. S. as a member of the senior class.
 He is not active in sports, his spare time being spent in conversation on studies.
 Melvin is athletically built, brunette, has a good disposition, dry humor and a magnetic personality that has made him one of the best liked boys in the senior class.
FOOTBALL BANQUET
 By Margaret Hooker.
 The members of the 1931 football squad were guests at a four-course banquet given in their honor Monday evening, Dec. 14, in the Palatka high school building. The banquet was sponsored by the business men of Palatka and planned by a committee composed of Mrs. Colson, chairman, Miss Young, decoration, and Miss Frazier, Masse, Hazel Elliott, Marjorie Cochran, Gertha Thompson and Mary Baker served the dinner. Mrs. Frazier prepared the meal.
 The banquet hall carried out a color scheme of red and green. The tables were banded with large bouquets of red bougainvillea. Favors, not cups and plates, carried out the Christmas color scheme.
 Covers were laid forth. Those present were: Superintendent Youniblood and Messers Branch, Thompson and "Beck" members of Palm Beach county school board, Professor E. E. Bichen, Coach Hobson, and Tolle, Messers McClure, Gold, Denton, Schroeder, Charter, L. L. Stuckey, C. L. Willett, Jr. and Rapert. Mr. Willett and Rapert were members of the football team.
 Rev. Joe A. Tolle presided as toastmaster, introducing as first speaker of the evening, Mr. Frazier, chairman of Palm Beach county school board.
 Superintendent Youniblood, chief speaker of the evening, gave a talk on the value of education in football and other sports have upon the players. Messers Branch and Benson also gave interesting talks.

PEOPLE WE KNOW

The K. Henaley family has returned from Hamard, Ky., to Moore Haven. They were in Moore Haven in the boom days and in the hard days—they know the country as it really is, and their return after a stay in their old Kentucky home town shows that they think the Lake region, after all, is the best country.

H. H. Hancock announces he will be a candidate for sheriff of Hendry county, of which LaBelle is the county seat and in which Clewiston is located. He was once sheriff of that county, having been appointed by the governor when Dan McLaughlin was removed. He owns a store at Lake Harbor.

J. A. McGhee, once a farmer on Rutta Island, was elected commander of Clewiston post, American Legion, at the annual meeting. Another former Palm Beach county farmer in the post is J. E. Beardsley, who was elected vice-commander. B. A. Bourne, formerly with the cane testing station at Canal Point, is adjutant; P. D. Duff, historian; D. B. Allen, chaplain, and E. M. Butler and Carl Berger serve as execs.

Rev. E. M. C. Dunkin of Okeechobee, a Baptist minister, continues to hold services at Indian town.

Members of the Okeechobee chapter of the Order of the Eastern Star gave a surprise party on Mrs. Wm. Collins, wife of the former sheriff.

See "Cimarron" at Prince Theatre Christmas Day.

MARRIAGES ON DECREASE IN OKEECHOBEE COUNTY

People, young and old, are not marrying as rapidly in Okeechobee county as they did formerly. Perhaps the depression discourages marriages, the Okeechobee News suggests. It is suggested that cupid does not work as hard in warm weather. Others suggest that young people don't love each other during a drought like they do when there is more rain. Judge Durrance thinks the late season may have something to do with it. He said that as it may there has been only 14 marriage licenses issued in Okeechobee county since July 1 of this year. With good crops, better prices and the breaking of the drought may bring a "return to prosperity" in the marrying business.

AROUND THE LAKE

Bath tubs, said to be good ones—"genuine Pennbrook"—are offered for sale at \$25 each by M. S. Hayes, a dealer in public instruction of Glades county. The tubs are in the old Rahn hotel building at Moore Haven. The catch in it is that the \$25 must be cash! The county school board got the property in settlement of a claim growing out of a bank failure.

O. C. Durrance, when acting as attorney in federal and out-of-county cases for moonshiners and bootleggers, is county judge of Okeechobee county, and liquor cases in that county come before him. Z. H. Simmons, the new sheriff of Okeechobee county, with prohibition agents found a still near Hilwa with a fire under the mack. Wynn, who confessed ownership, was fined \$100 and costs by Judge Durrance.

FARM NOTES

By Howard Sharp.
MOISTURE AND BEANS
Ventura county, California, is a great bean growing district—not snap beans, like our Lake region varieties, but some other kind that are shelled or dried. Rainfall is not heavy in that part of California, not more than 20 inches a year according to my recollection. When I worked in Ventura nearly 20 years ago the bean fields were not irrigated, and the bean crops were made on less than 20 inches of rain. The beans got mature but not from rainfall or irrigation, and what I saw there 20 years ago impressed it on my mind that it doesn't take much water at the roots of the vines to make a good bean crop. What I have seen in the Lake Okeechobee region confirms the conclusion that was formed from observing conditions in Ventura county, California. In both regions—in California and in the upper Everglades—a good deal of moisture is had from the fogs and the dew.

Fogs move down the Pacific coast—often they are very heavy at San Francisco—and come to Santa Barbara, where there is a point that projects into the ocean, this projection of land is north of Ventura, and the projection seems to direct the fog-moisture to Ventura's bean fields.

DEMAND FOR TRUCK CROPS NOT LIKELY TO IMPROVE SOON

GAINESVILLE, Dec. 15.—Truck crop acreage in the United States was reduced last year for the first time in six years. Business conditions are such that little improvement in demand will occur before Florida's next crop is marketed, states the outlook report issued by the Florida Agricultural Extension Service.

The Florida strawberry acreage is expected to be reduced 10 percent, while Louisiana is expected to show some reduction. Dry weather has been the chief cause of this reduction.

The early cabbage stocks are expected to reduce acreage about 13 percent, and there will be light holdings of old stocks when the early movement begins.

Low prices for the late crop of 1931 potatoes has caused a lot of them to be held over, and early producers in Florida may expect greater competition from this carryover than they experienced last spring.

The early fall crop of tomatoes in Florida and Texas is likely to be reduced 35 percent, lower than last year. The Mexican acreage is expected to be 1-4 less. Texas is planning about 10 to 20 percent increase in late tomatoes, while Mississippi

will likely reduce acreage 25 to 50 percent.

The Texas snap bean acreage will show a slight decrease while slight increases are expected in Louisiana, Arkansas, and South Carolina.

MAKES LOVE TO OWN WIFE IN AMUSING FLOW OF "THE GUARDSMAN"

A highly interesting matrimonial problem comes up for discussion in the M-C-M comedy, "The Guardsman," which will open Sunday at the Prince Theatre.

It is, "What can a man do to regain his wife's love which seems to be slipping away from him?" Alfred Lunt and Lynn Fontanne, the celebrated New York stage

It is probable that acreage in the Florida Everglades will be increased next spring due to a very successful fall crop.
The southern states are expected to increase watermelon acreage next season in spite of the low prices received last year.
FREE PAPAYA PLANTS
Okeechobee News.
Dr. E. H. Harris, who lives on South Parrott avenue adjoining Page's Tourist Camp, a few days ago brought over from his grove near White City (one of the largest papaya groves ever sown). One of them was about 18 inches long, another about 15 inches and the other two nearly a foot long. They would weigh probably 25 pounds or more. It is the kind that does not require the male and female species to pollinate. Dr. Harris said, however, they would cross with the common or wild varieties. These big papayas are sufficiently large that one would make a meal for a large family. It is understood that they sell for high prices in the East Coast markets, particularly at Miami. Dr. Harris will plant the seeds from the ones he brought here and will have plants ready for transplanting about next February or March. He proposes to distribute these plants free to those who wish to grow this fruit. He stated that each papaya would contain about 600 seeds. Thus he will probably have over 2,000 plants next spring to give away.

DIFFERENCES ... and in the end they count!

FERTILIZER may be fertilizer, and raw material may be raw material, but still there are differences—hidden, perhaps, in quality, or in this or that other detail.
These are the differences that make V-C Fertilizers preferred by many of the most successful Florida truck and citrus growers. They are important differences, for they tell in results, they show in profits, they count as money.

Mrs. G. L. Royal was quite ill at her home on Sunday.

Miss Wilma Valley, primary teacher, expects to leave on Friday for her home in New York City where she will spend the holidays with her parents.

Mr. and Mrs. S. E. Campbell left a detour at the morning worship service of the Community church last Sunday.

Mrs. F. W. Mutchler and two daughters, Marian and Carolyn, are spending the week at the Forbes home in South Bay.

Mr. and Mrs. R. G. Fisher attended the picture show in Pahokee on Friday evening.

Mrs. J. W. Lyons is a patient at the Cleveland hospital.

James A. Dew of West Palm Beach was a recent business call in South Bay.

Mrs. J. M. Templeton spent Tuesday in Pahokee visiting her daughter, Mrs. W. C. Denton and family.

Mrs. W. H. Rawie made a shopping trip to West Palm Beach on Sunday.

E. B. Bell and W. D. Hall of West Palm Beach were recent hunters in the vicinity of Miami Canal locks.

The United States Sugar Corporation started cutting cane in quantity in this zone last week.

Zone Superintendent S. J. Fisher announces that they will be using seven big cane cutting harvesters from now until the cane is entirely cut in this zone, after which the equipment will be moved to the Miami lock zone. They are also using quite a crew of men and a fleet of tractors and cane carriers.

Chief Deputy W. H. Lawrence and Deputy E. O. Fisher, along with Clarence Martin and young Morgan, under arrest last week, charged with possession of liquor, sale of liquor, breaking and entering and grand larceny. The home of P. U. Davis just west of town has been broken into three times during the last six weeks and part of the missing articles were found in the possession of these two young men.

They have been lodged in jail in West Palm Beach to await trial.

Mrs. H. B. Danke was hostess on Tuesday afternoon to the Ladies Aid of the Community church at a silver tea. Plans were made for a sale of gifts suitable for Christmas and home made pies at the Alberts filling station on Friday.

It was also decided to start work on the new play immediately after the holidays. Delicious refreshments were served by the hostess and a silver offering taken.

The afternoon ended with a Christmas exchange of gifts between members present. Those attending this social event were Mrs. H. C. Willis, Mrs. Walter Templeton, Mrs. P. E. Goodfriend, Mrs. G. J. Barstow, Mrs. S. E. Campbell, Mrs. F. R. Hoch, Mrs. H. B. Danke, Mrs.

PARENTS-TEACHERS
SOUTH BAY, Dec. 16.—The Parents-Teachers Association of South Bay met on Monday afternoon at the auditorium at 3:15 p. m. Miss Alice Hamilton, public health nurse, was present and made a short talk on the prevention of epidemic and contagious diseases and distributed literature giving symptoms to observe in case of the various diseases.

Plans were completed for the community Christmas program to be given at the school house on Christmas eve. Mrs. Irene Overcast and Mrs. W. H. Rawie have the program in charge. Mrs. J. M. Templeton is chairman of the decoration committee, and Mrs. Maude Hartledge, Mrs. G. F. Denton and Mrs. H. B. Danke have the arrangements in charge for the treat for the children. It was also arranged to give jackets to those who otherwise would not have a Christmas. This work is in charge of the mothers, Mrs. M. D. Hardy, Mrs. W. H. Rawie, Mrs. H. B. Danke, Mrs. P. E. Goodfriend and Mrs. J. L. Haskins.

Mrs. J. L. Haskins was chosen representative on the Girl Scout council.

Mrs. H. H. Wedgeworth, health chairman, asked for a room to be established in the school for the use of children who become ill while at school. Mr. Nance set aside a room for the purpose and a cot, mattress, blanket, sheets and pillows were donated by the various mothers present for that purpose which together with the first aid kit will be always on hand in case of need.

The teachers whose rooms have the prize for having the highest percentage of mothers present announced that they had decided to use the money in hand to get curtains for the stage. Mrs. Overcast's room won the prize for this meeting.

It was voted to ask the Belle Glade P. T. A. to join with the South Bay association in the meeting on January 4th and extend an invitation to Mrs. Wycoff of West Palm Beach to meet with them.

Mrs. J. L. Haskins, president of the Belle Glade P. T. A., has accepted this invitation.

60 FUR TRAPPERS LICENSES

Since the opening of the hunting and trapping season, 204 licenses have been issued in Okeechobee county by G. C. Durranne, the county judge, the fees for which total \$675.75. Sixty-nine of the licenses were for fur-trapping and 135 for hunting. The fees fall short \$222 of last year.

Although residents do not have to have licenses to fish in their own county, 56 licenses to fish in Okeechobee county have been taken out, the fees for which amount to \$166.

grade, and Billy Royal, first grade. A Junior Red Cross program was given by the fifth and sixth grade pupils. They did very well in arranging the program. Doris Read was chairman. As a part of the Junior Red Cross work, money is being earned to send to the Jacksonville orphanage. The children readily sold the T. B. pins that were given to the school to sell.
